

www.findchildcare.pa.gov

Pennsylvania has a new **ONLINE** child care directory!

On the website, you can:

- Find child care providers near you by address, city, or zip code
- Get details about the child care provider including pricing, hours of operation, certifications, and school districts served
- See a list of special accommodations that the child care can make
- Look at the child care "STARS" Rating which is a performance standard rating system in PA
- Find out if any financial assistance programs are accepted (Title 20 and other subsidies)

***Please note, this directory does not include preschool programs that run through churches, or child care providers that are not PA STARS programs.**
