

Why Should You Come to the Family and Early Intervention Partnership Meeting?

- To share your ideas.
- To meet other parents and early intervention service providers.
- To learn about other resources for children/families receiving early intervention.

You can get involved by calling the numbers below and ask for the Early Intervention Program. If your child is presently participating in an Early Intervention Program, information can also be obtained through your child's team.

Infants, Toddlers and Preschoolers With Special Needs

What is the Family and Early Intervention Partnership?

We are a group of parents and professionals who are devoted to providing resources to families and the community. Our goal is that all infants and young children with special needs receive quality services through intervention, education, community programs, and activities. We meet four times during the year – October, January, April, and July on the third Thursday at 2:00 p.m. every month.

What are the Goals of the Family and Early Intervention Partnership?

- Support and assist parents by providing them with information about Early Intervention Services.
- Provide training and education opportunities for parents and professionals.
- Work together as parents and agencies.
- Expand and improve services available to families and their children.
